Portfolio and Projects

- | | | |
|---|--|---|
| Atlantis IRC Library
Atlantis is an IRC bot framework that can be used to create fun and interesting bots. It targets .NET Standard 1.4+ , and it demonstrates an understanding of server-client protocols and framework design. | RxCmd
RxCmd is a command-line utility designed to interact with a Renegade-X game server. It emulates in appearance Windows CMD and features a pluggable command interface similar to PowerShell's cmdlet modules. | S2 Corporate Websites
The S2 Corporate websites serve as the main corporate and administrative portals for the company's core product. These apply my ASP.NET Core, HTML/CSS/SASS skills. |
